Personal details

Date of birth: 26 July 1981
Nationality: German
Marital status: married, two children

Profile

Senior product and technology leader with deep expertise in digital music, licensing, content management, copyright and enterprise platforms. Drives multi-year portfolio and investment logic, P&L-aligned governance and a scalable operating model in complex B2B environments—leading cross-functional teams, partner and vendor ecosystems, and disciplined delivery from executive narrative to measurable outcomes.

Skills & knowledge

- Executive product & technology leadership
- Portfolio strategy, prioritisation & multi-year roadmaps
- P&L ownership, budgeting & vendor / partner governance
- B2B platform & services scaling (music / copyright / data)
- Operating model design (cross-functional alignment, agile at scale)
- Stakeholder & board-level communication
- Domain depth: music publishing, licensing & copyright operations
- Data-driven performance management & KPI systems
- *Hands-on product depth where needed (content, digital delivery, technical operations)*

Professional experience

BMG – The New Music Company, Berlin

Senior Director Technology Products, Head of Product

July 2023 – present

- End-to-end ownership of the **technology product portfolio** + investment/roadmap + measurable value vs **enterprise priorities**
- **Orchestrates** collaboration across business units, engineering, partners → **scaled delivery**
- **Shapes and governs** partner/vendor ecosystem: selection, governance, **performance and risk** vs commercial/technical goals
- **Full-cycle** budget and resource accountability (planning, prioritisation, approvals, **forecasting**, in-year control)
